Fall

Here is a special Halloween treat for all of you, a short article. I write a lot of free-flowing thoughts with some big picture idea behind it. However, this time around I just want to be a little more direct and to the point. Besides, you hear me ramble on long enough during meetings every month, so I will start by saying you're welcome! If you really want to talk to me then be sure to show up for this year's Jack Frost Ride on Oct. 29th. It is always one of my favorite rides even if it does indicate that another riding season has come and gone. Hopefully, you have or eventually will take time to experience the fall colors this year. It has been one of the prettiest and most memorable ones that I can recall. The crisp air is a reminder of what is to come and how our motorcycles will be dearly missed over the next several months. Do what you can to sneak in that last ride before Mother Nature makes it near impossible. If it is already cooled down beyond what you consider enjoyable then swing in for a bowl of chili prior to the Jack Frost Ride to say hi or pop in to help Dave and Penny on Nov. 5th with their tournament and fundraiser. Winter will be long enough so don't start hibernating just yet. Continue to watch for flashes with upcoming events as well.

Another riding season has come and gone. I am truly grateful that I was able to spend it with each of you. Once again through your combined efforts we were able to touch so many lives and make a difference in the communities that we all live and play in throughout the year. I am looking forward to what comes next and learning more about who we are as a chapter. But for now, I simply wish you a wonderful fall followed by what I hope is a blessed and joy filled holiday season!

Thanks for all you do and thank you for making the Packerland HOG Chapter what it is today.

Enjoy the Ride!

A Road Out of Clintonville

I discovered a fun road out of Clintonville that eventually leads to two interesting places. I have covered a nice route to Clintonville, for a non-four lane alternative to Wausau, but once hitting Hwy. 45 west out of downtown, branch off on Cty. C for a fun and quiet adventure.

After a few miles on Cty. C, you will hook up with Hwy. 110 for a bit. Stay straight on Cty. C by the cheese plant. After passing thru Little Falls, you will swing north towards Big Falls. Continue west (left) in Big Falls and take a moment to check out the “falls” and some nice rapids. Enjoy some nice twisties as you head west but keep an eye out for Amish buggies.

You will eventually hook up with Hwy. 49 and stop in at the Northland Sports Bar & Grill (bike friendly) at the intersection to wet your whistle before deciding your next course of adventure. If you are travelling in early July, head south to Iola to check out the popular car show. My choice, except for Labor Day weekend and Tomahawk, is to head north to a small town named Rosholt, after navigating some nice 90-degree benders.

Rosholt is home to the aptly named Rosholt Motorcycle Company just a quick right on Main Street. Housed in the old Rosholt National Bank, they have been around since the late 80's doing custom work and builds. You can even check out some parts in the old vault. They are Harley riders and make some pretty rad bikes. Just a nice place to hang out, check out some of their work, and pick up a souvenir or two. They close for Labor Day weekend because of the Portage County Fair in town, and this year they closed for Tomahawk week because they setup a pop-up shop on the strip at the Chevy dealership.

Rosholt caught the state ridership's attention this summer with a final salute drive-by for an ailing Harley rider. In what was hoped to be a 5 -20 bike parade for a tribute from the family of Dave Larson, with the help of social media, turned into an emotional 400 bike/old car tribute. Packing the streets of this quiet small town, turned into a 20-minute procession, as the family parked Dave at the end of his driveway, just a quick run from downtown. He was overcome with emotion, and my understanding was the family even gave him a final ride later that day in a sidecar. Truly special!

With events like this and all our benefit rides and work, we should all feel honored to be part of the riding community. Stay safe out there as you enjoy the remaining days of the general riding season.

Road Trip by Pearl

I am sure as you are riding, you are noticing the trees turning color in Wisconsin's beautiful fall season. Maybe you could hook up with a friend and take a ride to the H-D Museum in Milwaukee. They are working on a new building to display additional Harley historical items. Or if you are going, you could get a flash sent out, and have other members join you. Two of my H-D friends were there recently and enjoyed it so much. And just think, it all began from a little grey shed!!! Enjoy the ride and take in all the history of Harley-Davidson. Don't forget to have lunch in their restaurant.

The Packerland HOG Chapter recently donated \$200 to Backpack For Kids. Patti Jacques, Chapter Member is involved in this event. This is the picture of the helpers for the Backpack For Kids, putting things together. On this day, they did 237 bags. Patti gave our check to the group. It will help to purchase supplies to keep the bags going out. They appreciate our help very much.

Robert and Patti Jacques

Congratulations to Historian Pearl for accomplishing her 175,000-mile patch from HOG.
